
PLACEMENT TEST RESULTS

You can use this form to record the appropriate levels of the Math-U-See program for your students

1. Fill in the name and date fields.
2. Follow the online Placement Test process at mathsaustralia.com.au/placement-tests
3. When each student has completed the testing process, they will be automatically directed to a result. This will be the appropriate Math-U-See level for them - specific to their current level of maths understanding.
4. Take note of the name of the level (e.g Primer) and write it in the field below.
5. Repeat this for each student to build your list of required levels for using Math-U-See.
